

“Jane is perfect for the job, organised and committed to our communities.”

Local action

You may know me from being at the forefront of local campaigns such as opposing the Norton Disney rendering plant. Our group has done well bringing people together and supporting local action to keep and improve our areas.

I bring expertise as a lawyer, police officer and latterly a carer. I understand and support local issues.

I am not afraid to challenge difficult situations and fight for what I believe is right with tenacity and determination.

Please support me again as I stand up for our local area.

**For North Kesteven District
Council By-election**

**Reliable, hard-working and
determined to put you first**

Greetings!

I hope you and your family are well in these difficult times. Thanks to all who have given community support so generously.

This rural area is special. That is why we need councillors who will always listen carefully to you, and work for you and your interests.

Resident in Norton Disney for 25 years, I care about our local area and want our communities to thrive in a beautiful, active countryside. That is something worth fighting for.

I worked as a lawyer and now provide a home for an adult with learning difficulties, so I understand and am keen to support our local issues.

There is huge pressure from the Government to increase “growth” often over-riding the needs of local people. Whether it is huge turbines, massive housing estates in the wrong place and without matching services and facilities or a rendering plant, we need strong local voices to stand up for our quality of life.

Please vote for me to support our villages.

Taking back our Council

Decisions on many local issues that brighten or blight our lives are made or influenced by North Kesteven District Council.

We need a champion not tied to the national party line. We need a champion who is listening to local voices and working for us.

Working on campaigns with local residents

Four reasons to vote for Jane Bauer

- ✓ An effective campaigner to support you
- ✓ Independent listens and works for you
- ✓ Capable and not afraid to stand up for local residents
