Dear Resident,

I promise to do my utmost to support the interests of everyone in the Scotter Rural division. As your next Lincolnshire County Councillor my role is as a champion for the communities and people of the division; a **Community Councillor** and not a party political puppet.

As an independent candidate I am not restrained by any party. Able to speak freely and work on your behalf, for the **common good**. I want to make a real difference. With your help I can. It is time for real change – not the usual choice between blue or yellow rosette!

Already a **local councillor** I am assiduous in attending and reporting to my parish councils and parish meetings, working on their behalf. I am available to residents and work hard on their behalf.

I strongly supported the new layout of the **Corringham Junction**, initiated by the district council and fought for its financial contribution which made the project happen. I get things done. I have supported conservation areas in the interests of looking after our built heritage and environment.

I am greatly concerned that all **school runs** should pick up in Hemswell whereas the present arrangements exposes some of our **school children** to alarming risk.

I am concerned that the Government has changed the rules on **social housing**. No longer will property developers contribute towards social housing. The goal posts have changed from 10 to 45 houses! This will impact on those struggling already to find a home where they have been brought up; it will further price them and out of the market, forcing them into the rented sector.

I live in Gainsborough and know the communities of the division well. It makes sense to re-use the **recycling centre at Kirton** which is more immediate for many residents to the one in Gainsborough.

The **Environment** and our **Communities** matter to me. Scotter Rural has its fair share of challenges; from flooding in the west, to wind turbines in the east – and speeding and potholes all over!

Yours sincerely,  
**Paul**  
Cllr. Paul Howitt-Cowan

# MY PLAN FOR OUR COMMUNITY

- 1** Get the Kirton Recycling Centre reopened, making sure local people can access these facilities.
- 2** Promote improved fibre broadband across all parts of the Scotter Rural division and ensure roll out of giga-bit broadband
- 3** Support going green, making everything more sustainable, but not at the expense of 75 giant wind turbines locally.
- 4** Demand a referendum on any devolution or local reorganization of Lincolnshire. Public services should be closer to people and responsive to your needs.
- 5** Fight to reduce the nuisance of litter and the harm of fly-tipping.
- 6** Bring back night-time street lighting so that our communities are safer
- 7** Support reduction of speed limits in our communities that want them
- 8** Tackle potholes - a danger to both cyclist and motorist

"I promise to do my level best in the interests of all residents of the Scotter Rural division."

## ABOUT PAUL HOWITT-COWAN

I have been a district councillor representing the Hemswell Ward since 2010. I am a great supporter of grass root democracy and regularly attend my parish council meetings and parish meetings.

• Chair of West Lindsey Churches Festival

- Chair of the Friends of Gainsborough Old Hall
- Churchwarden of Corringham Church

• Chair of Charles Cooper Almshouse Trust

• Trustee of the Sickness in Relief charity in Willingham and Gainsborough which gives grants to help those blighted by sickness.

**Interests:** antiques, reading biographies, visiting stately homes and cathedrals, built heritage, classical music, and a follower of Vera the detective series.

Paul has contributed funding to Corringham Village Hall, to Blyborough Football Club, Glentworth towards recreational area.

**Working for a greener, more sustainable future for everyone.**

**As an Independent I will work for you not a Party Whip!**

**I have a record of action. I'll work hard for all local residents.**

**ON 6<sup>th</sup> MAY VOTE FOR PAUL HOWITT-COWAN**
